

Project

Promotion of efficient heat pumps for heating
(ProHeatPump)

EIE/06/072 / S12.444283

Deliverable N° 3

**Project WEB Site
and internal communication platform**

Work Package 6
Communication and Dissemination

Intelligent Energy  **Europe**

The sole responsibility for the content of this document lies with the authors. It does not necessarily reflect the opinion of the European Communities. The European Commission is not responsible for any use that may be made of the information contained therein.

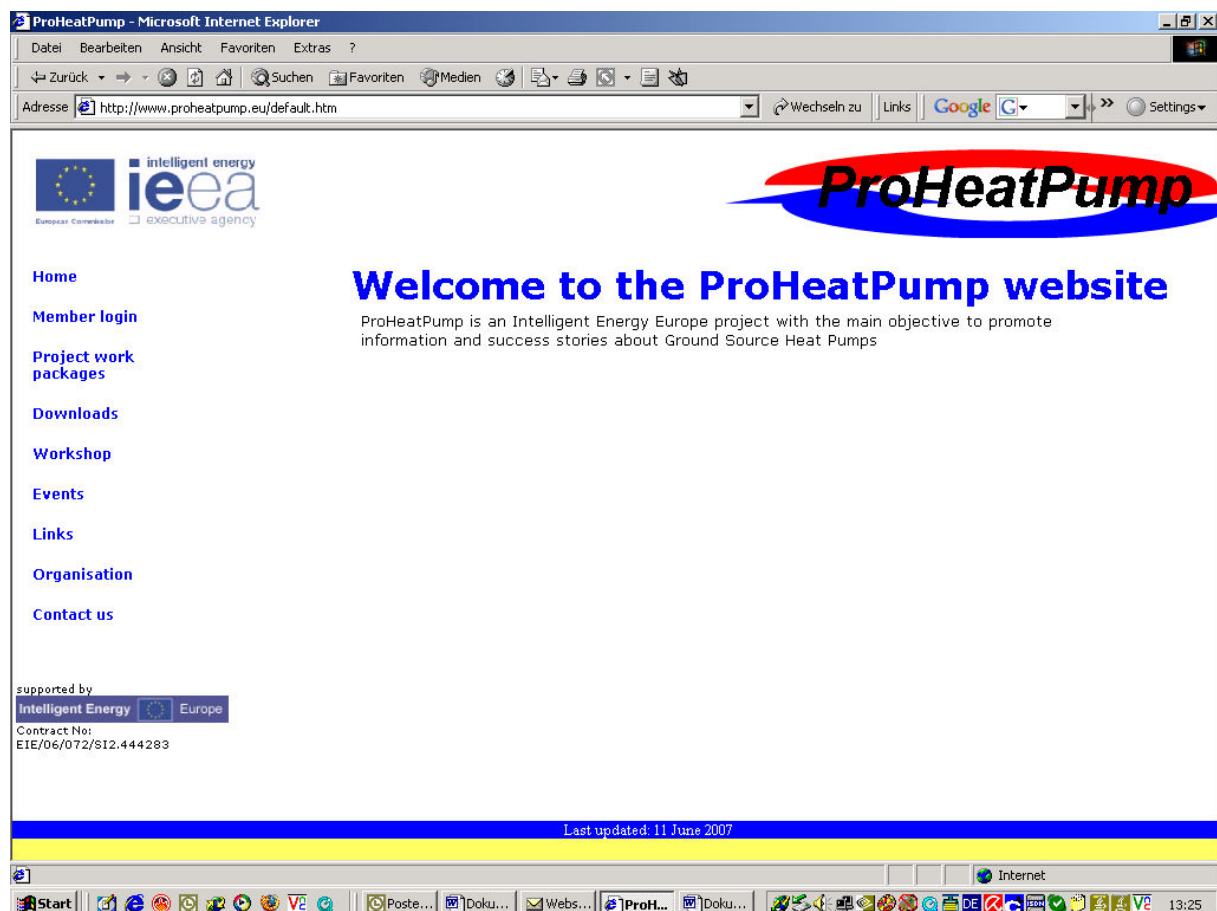

The project WEB site www.proheatpump.eu is “on the air” since June 2007. The site was evaluated during the project meeting in Edinburgh, where various amendments of the site were commonly agreed by the project partners.

Downloads of presentations shall be made available on the public WEB site beside the publication of deliverables. As events only project related public events shall be mentioned in the future. The actual events chapter with conferences etc. shall be deleted.

The home page shall consist of a short intro in each partner language. Project regions shall be described in English and local national language. Access to partner information and national language sites shall be given via a map with interactive links to the partner locations. Individual templates shall be created for all partners of the consortium.

According to the results achieved so far details of project activities shall be published. A News chapter shall be installed in English language. Each partner shall deliver info about regional activities. Information and Links to useful information and resources shall be added.

The responsible partner SP will develop a new concept for the WEB site and make it available for a discussion to all partners during September. The new site shall be online by beginning of November 2007.
